

# Legal & regulatory

Development on PRISMA

Welcome to the shipper event  
2018

# Recent regulatory developments

# PRISMA GTCs

# GTCs slightly changed as of July 2018

- Reflecting Incremental Capacities
- Consultation planned as of 11 June

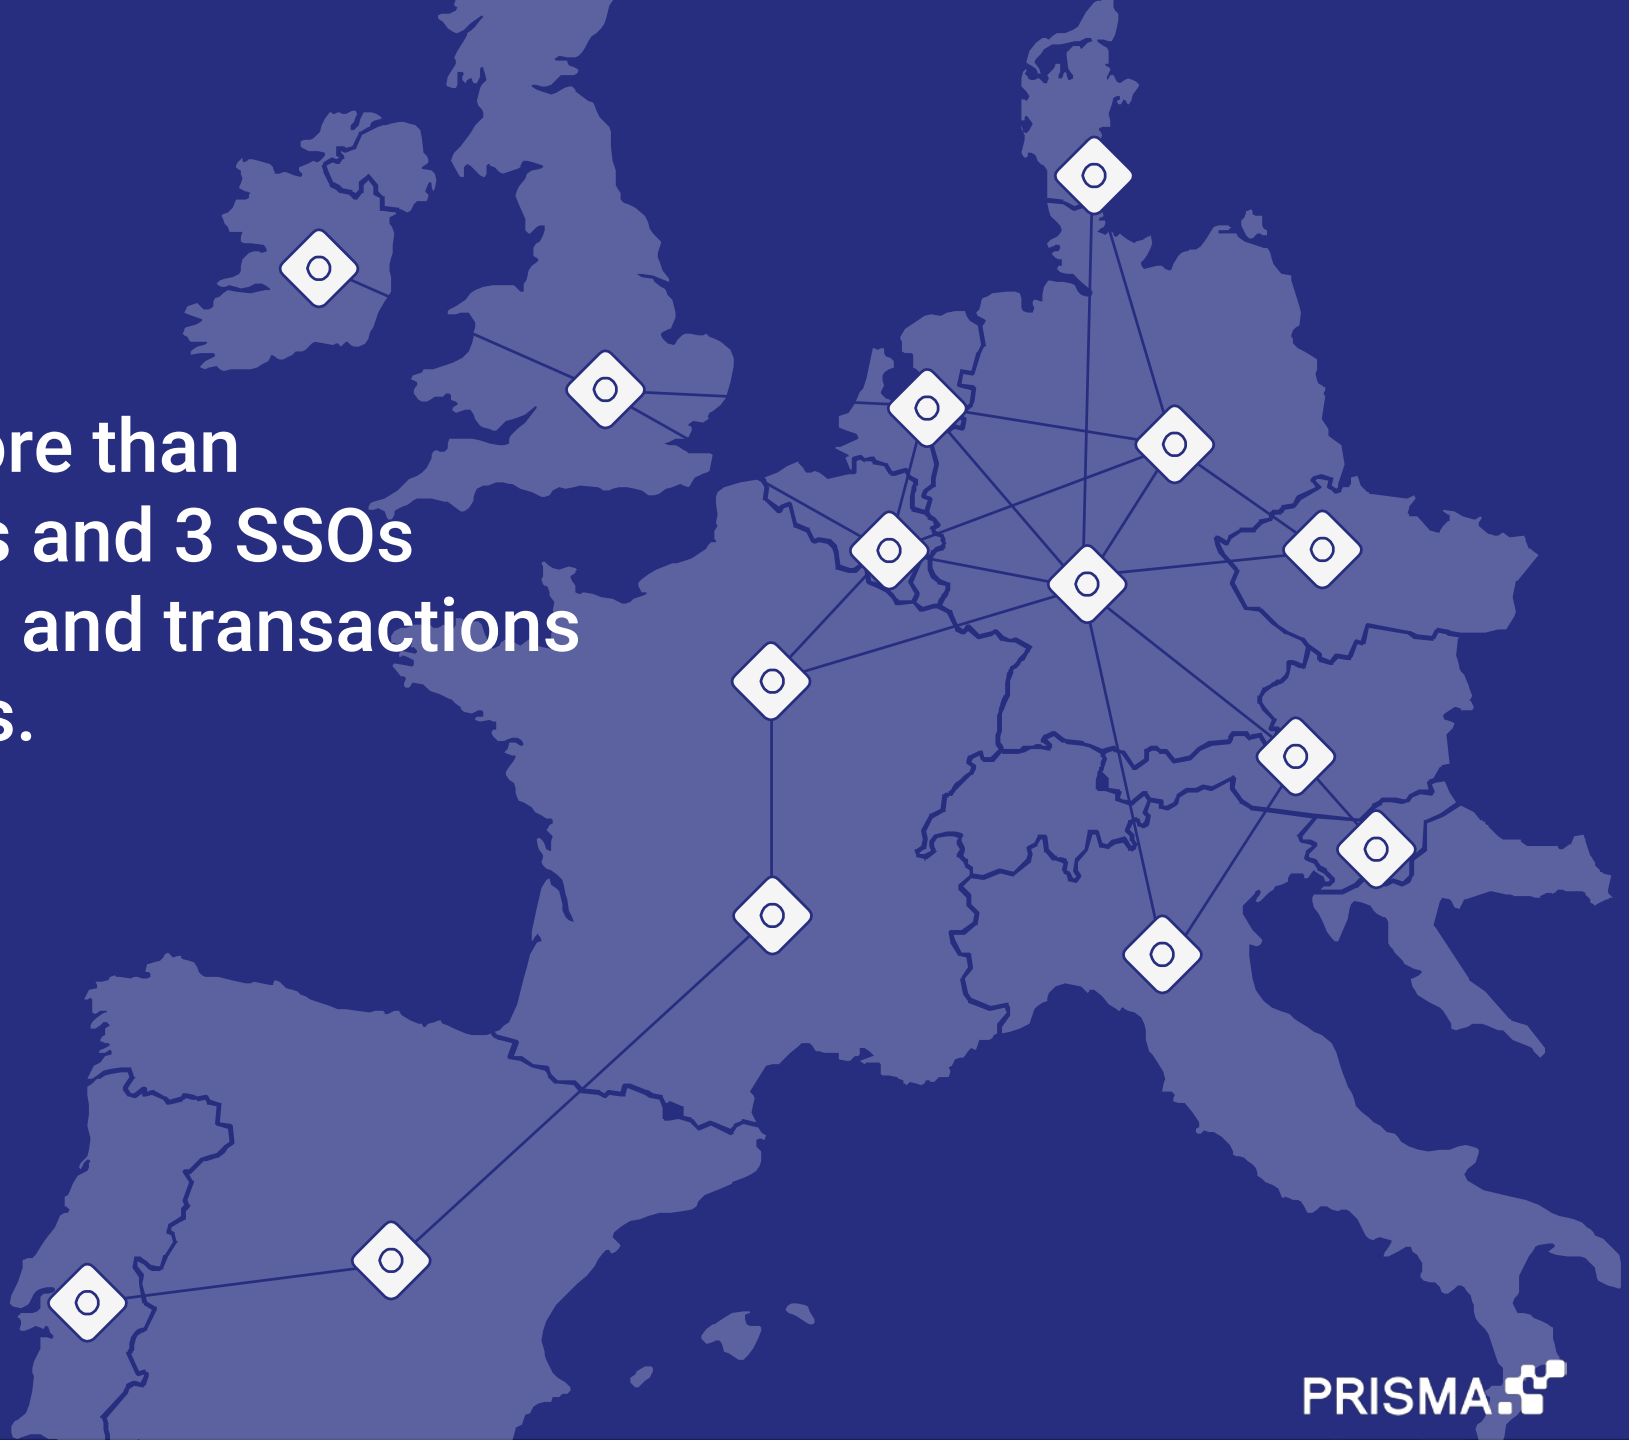

# Next steps for new design of GTCs as of 2019 already taken

- Implementation of Shipper Admin Role
- New set up and separated parts of GTCs
- Wording improvement
- Considering latest legal changes and court rulings
- Considering impacts of potential BREXIT

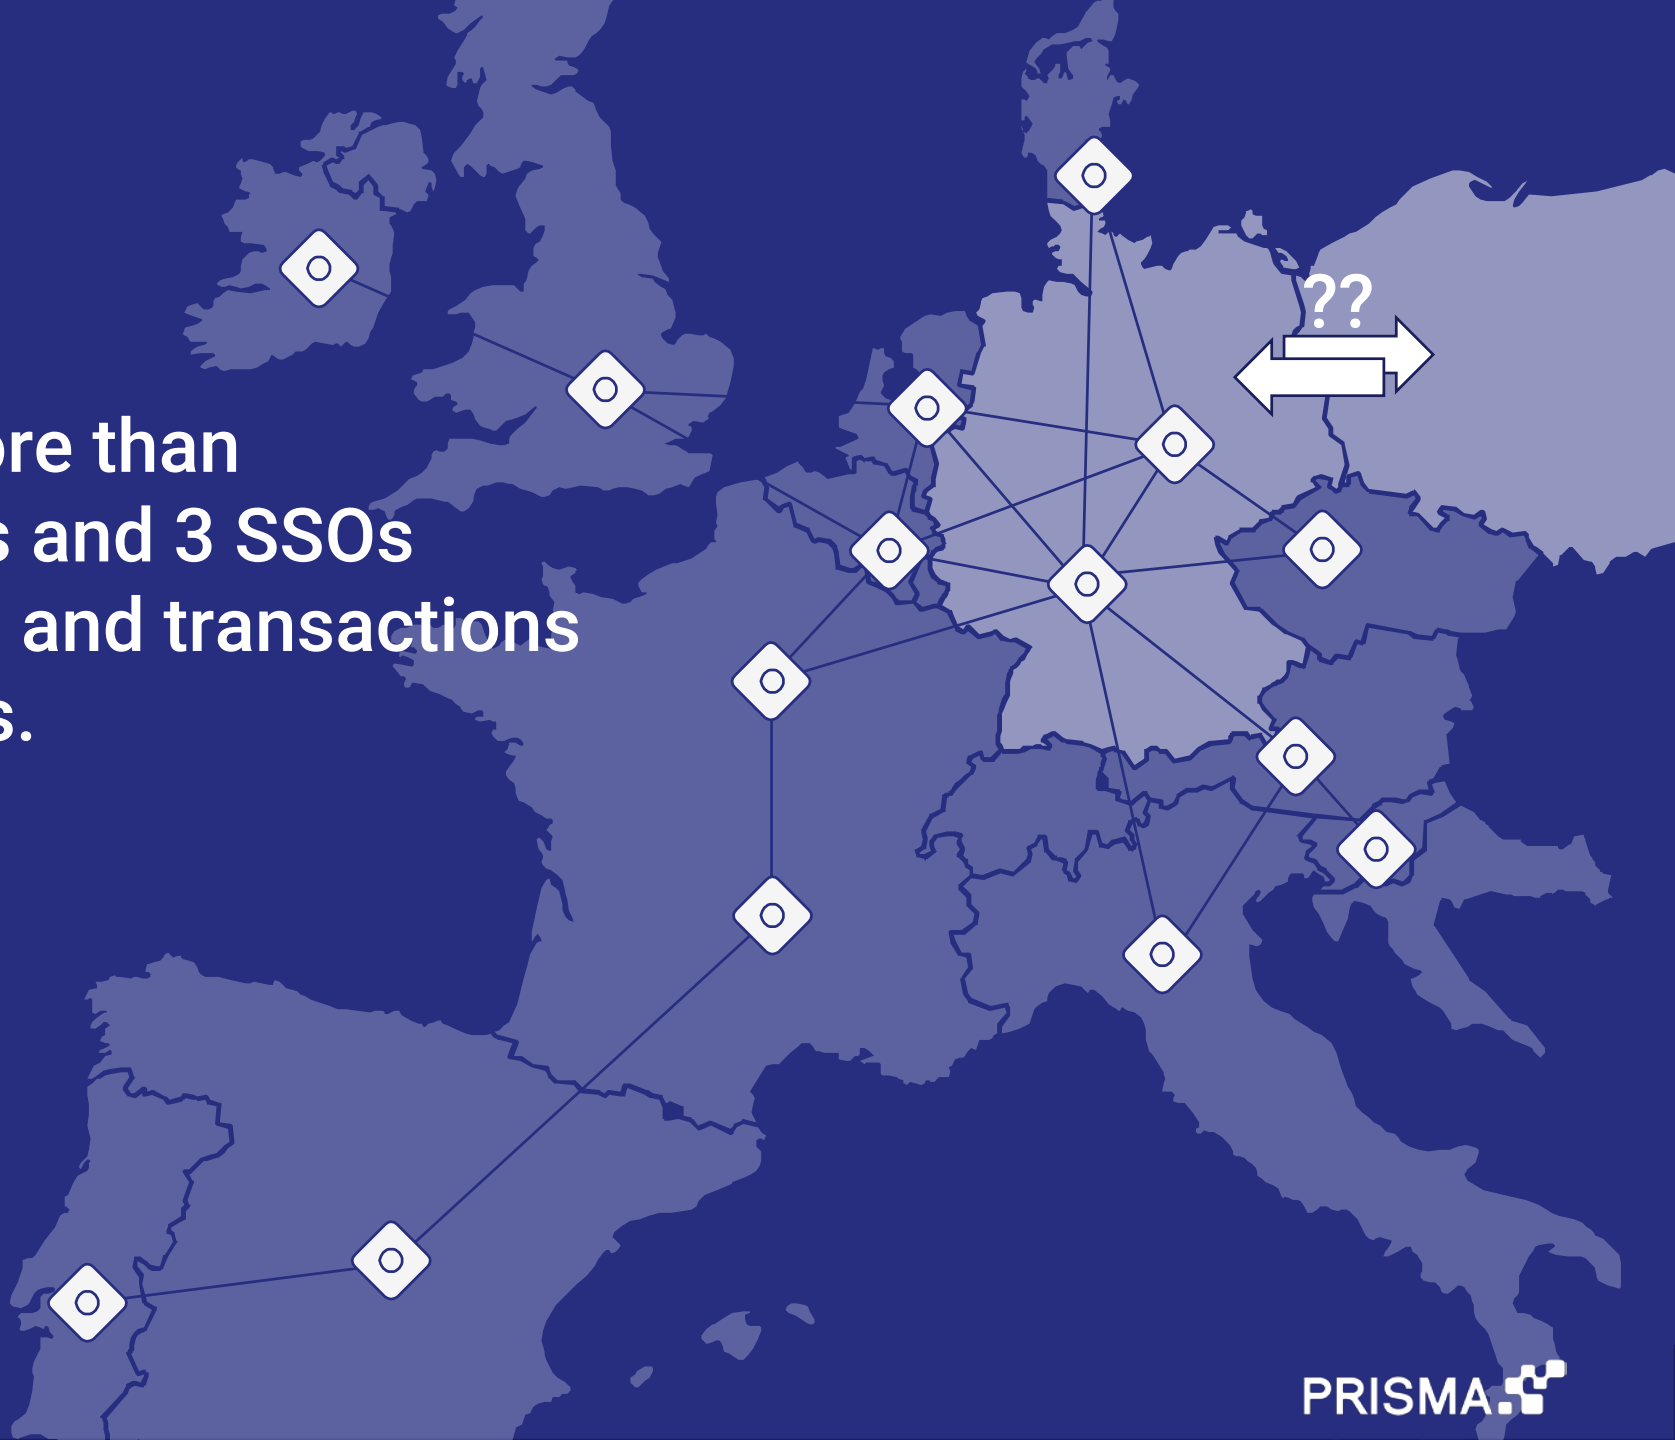

# ACER: Consultation and Workshop

on Booking Platform at German/ Polish border IPs

We are connecting more than 600 shippers, 38 TSOs and 3 SSOs to foster collaboration and transactions across market borders.

We are connecting more than 600 shippers, 38 TSOs and 3 SSOs to foster collaboration and transactions across market borders.

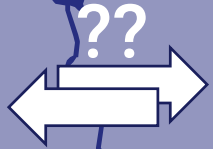

**Booking Platform at German/ Polish border**

**IPs Mallnow and GCP VIP**

**No decision taken by TSOs and NRAs**

**Decision transferred to ACER**

**Procedure acc. to Art. 37 (3) NC CAM**

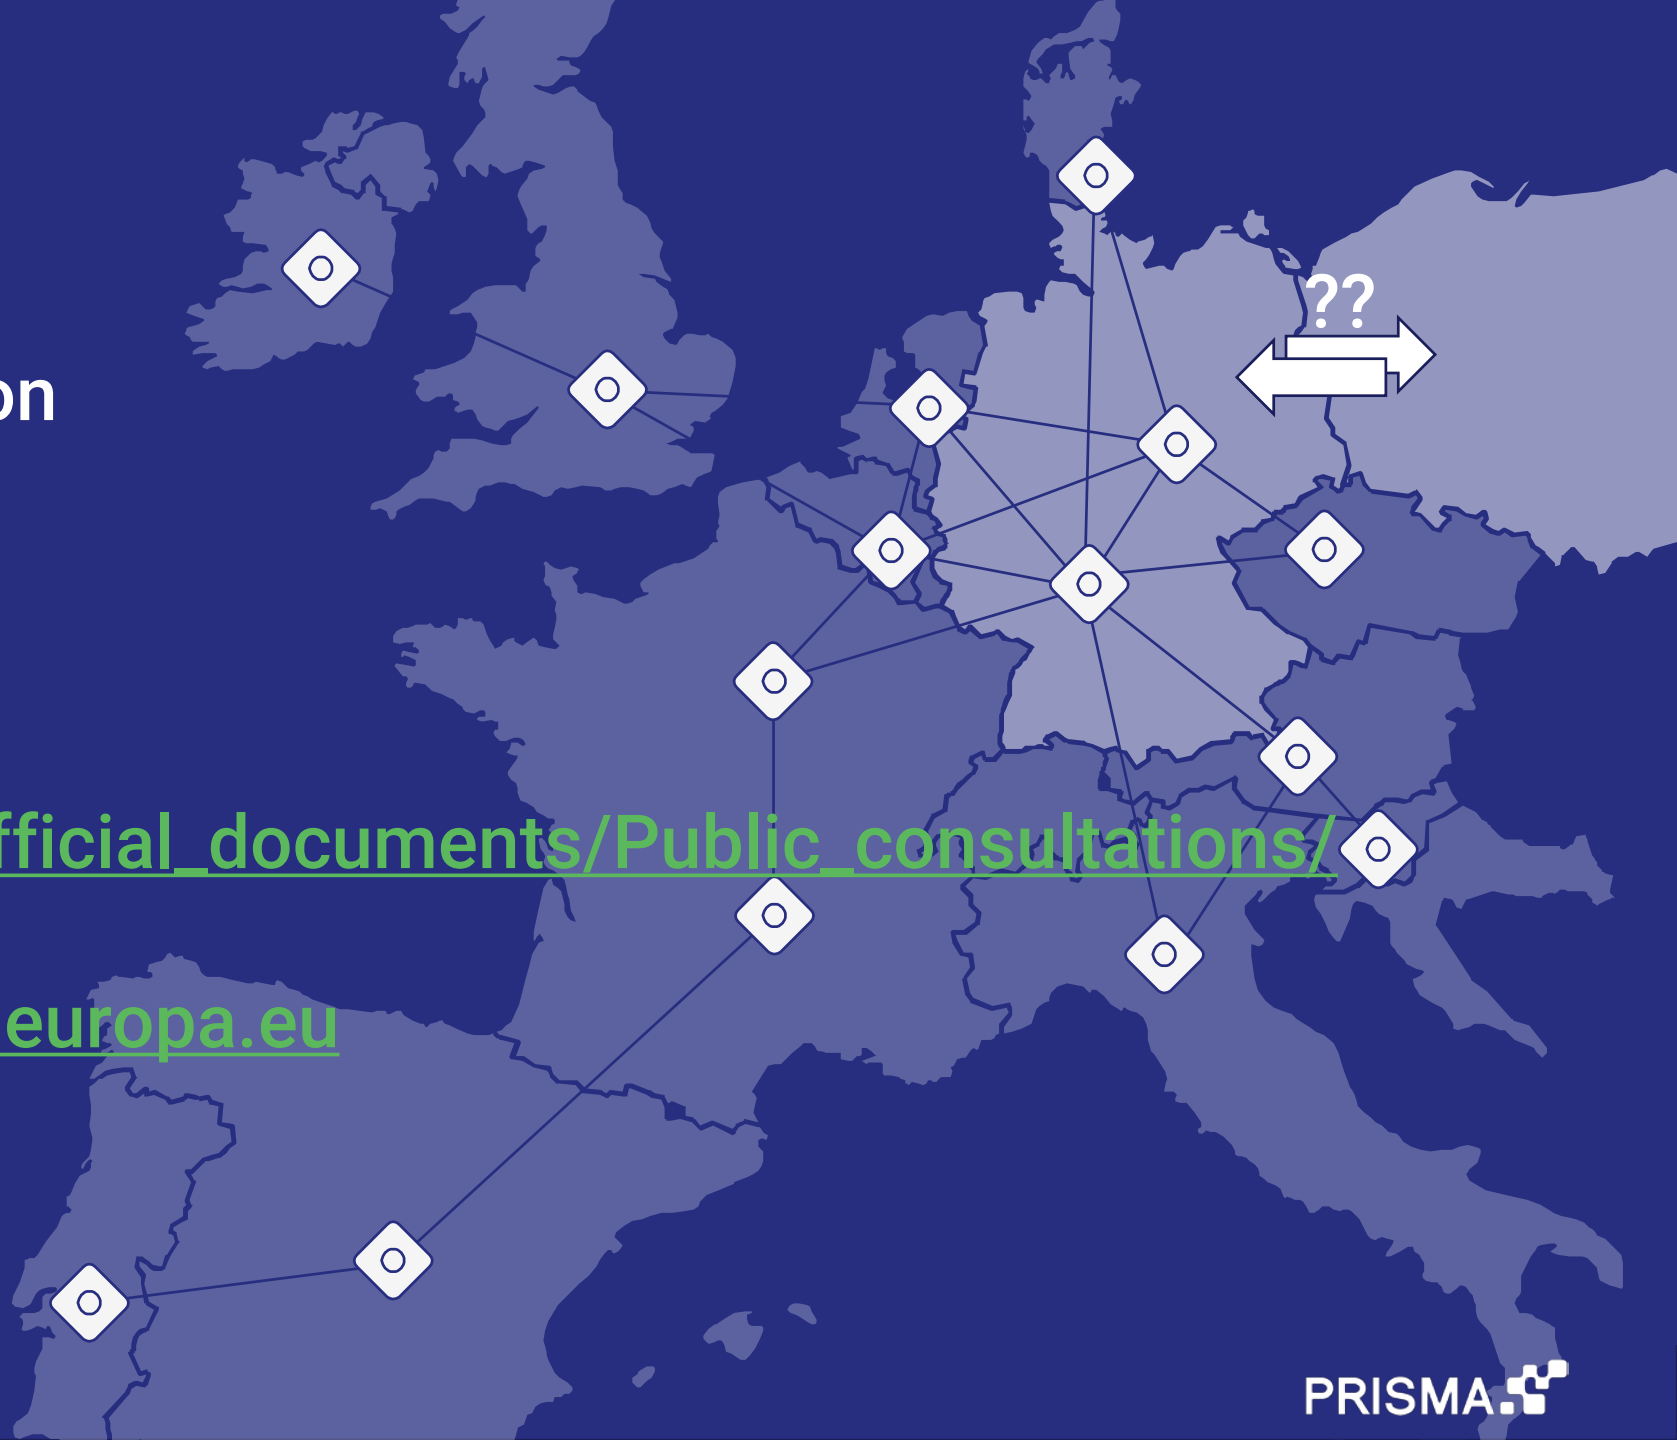

ACER public consultation

Submission deadline  
27 June 2018

[bookingplatform@acer.europa.eu](mailto:bookingplatform@acer.europa.eu)

# What are the questions of ACER?

- Related to CAM, CMP, REMIT
- National requirements
- IT related
- User friendliness
- User involvement
- Etc.

COMPLIANCE CRITERIA		Please evaluate the Booking Platform, you have used in the past, along the full list of criteria (Column 6). Please use 1 for 'yes, the platform meets the legal requirement', 2 for 'no, the platform does not meet the legal requirement'. Leave the column blank in case you have not used a particular platform or you have no experience with a national requirement. Note that the criteria must be met in full to score 1 (e.g. for criterion 5 both day-ahead and within-day uniform price auctions must be offered).			Please explain in case you answered 'no, the platform does not meet the legal requirement'. For each platform case you have not used a particular platform or you have no experience with a national requirement, note that the criteria must be met in full to score 1 (e.g. for criterion 5 both day-ahead and within-day uniform price auctions must be offered).		
These criteria must be met in full by the booking platform due to legal requirements		1 or 0	1 or 0	1 or 0	text		
Related to regulation (CAM, CMP, REMIT)	Description of criteria	GSA	PRISMA	BBP	Clarification for platforms marked 0		
1	Allocation of firm capacity						
2	Allocation of interruptible capacity						
3	Bundling of capacity products						
4	Ascending clock auctions (yearly, quarterly and 4 monthly)						
5	Uniform price auctions (day-ahead, within-day) to within-day (CAI)						
6	Support of kWh and kWh/d as capacity unit						
7	Secondary capacity trading						
8	Automated bidding						
9	Reporting of platform transactions (bidders and 10 public)						
10	Bundling of capacity on 1 h intervals						
11	Offer of competing capacity products						
12	Allocation of incremental capacity						
13	Surrender of capacity						
14	Buyback of capacity						
15	REMIT reporting obligations						
16	Interoperability and data exchange obligations						
17	National requirements						
18	Assignment to balancing groups						
19	Support for capacity upgrade services						
20	Use of protocol ASD and data format Edg@-						
21	Anonymous or all-trading procedures						
22	Proposed by stakeholders						
23	Multi-currency booking						
24	Costs and check						
25	Artificially low reflective fees						
26	Cost transparency for TSOs						
27	Cost transparency for market participants						
28	Use of input in platform development						
29	Platform flexibility						
30	Capacity conversion services						

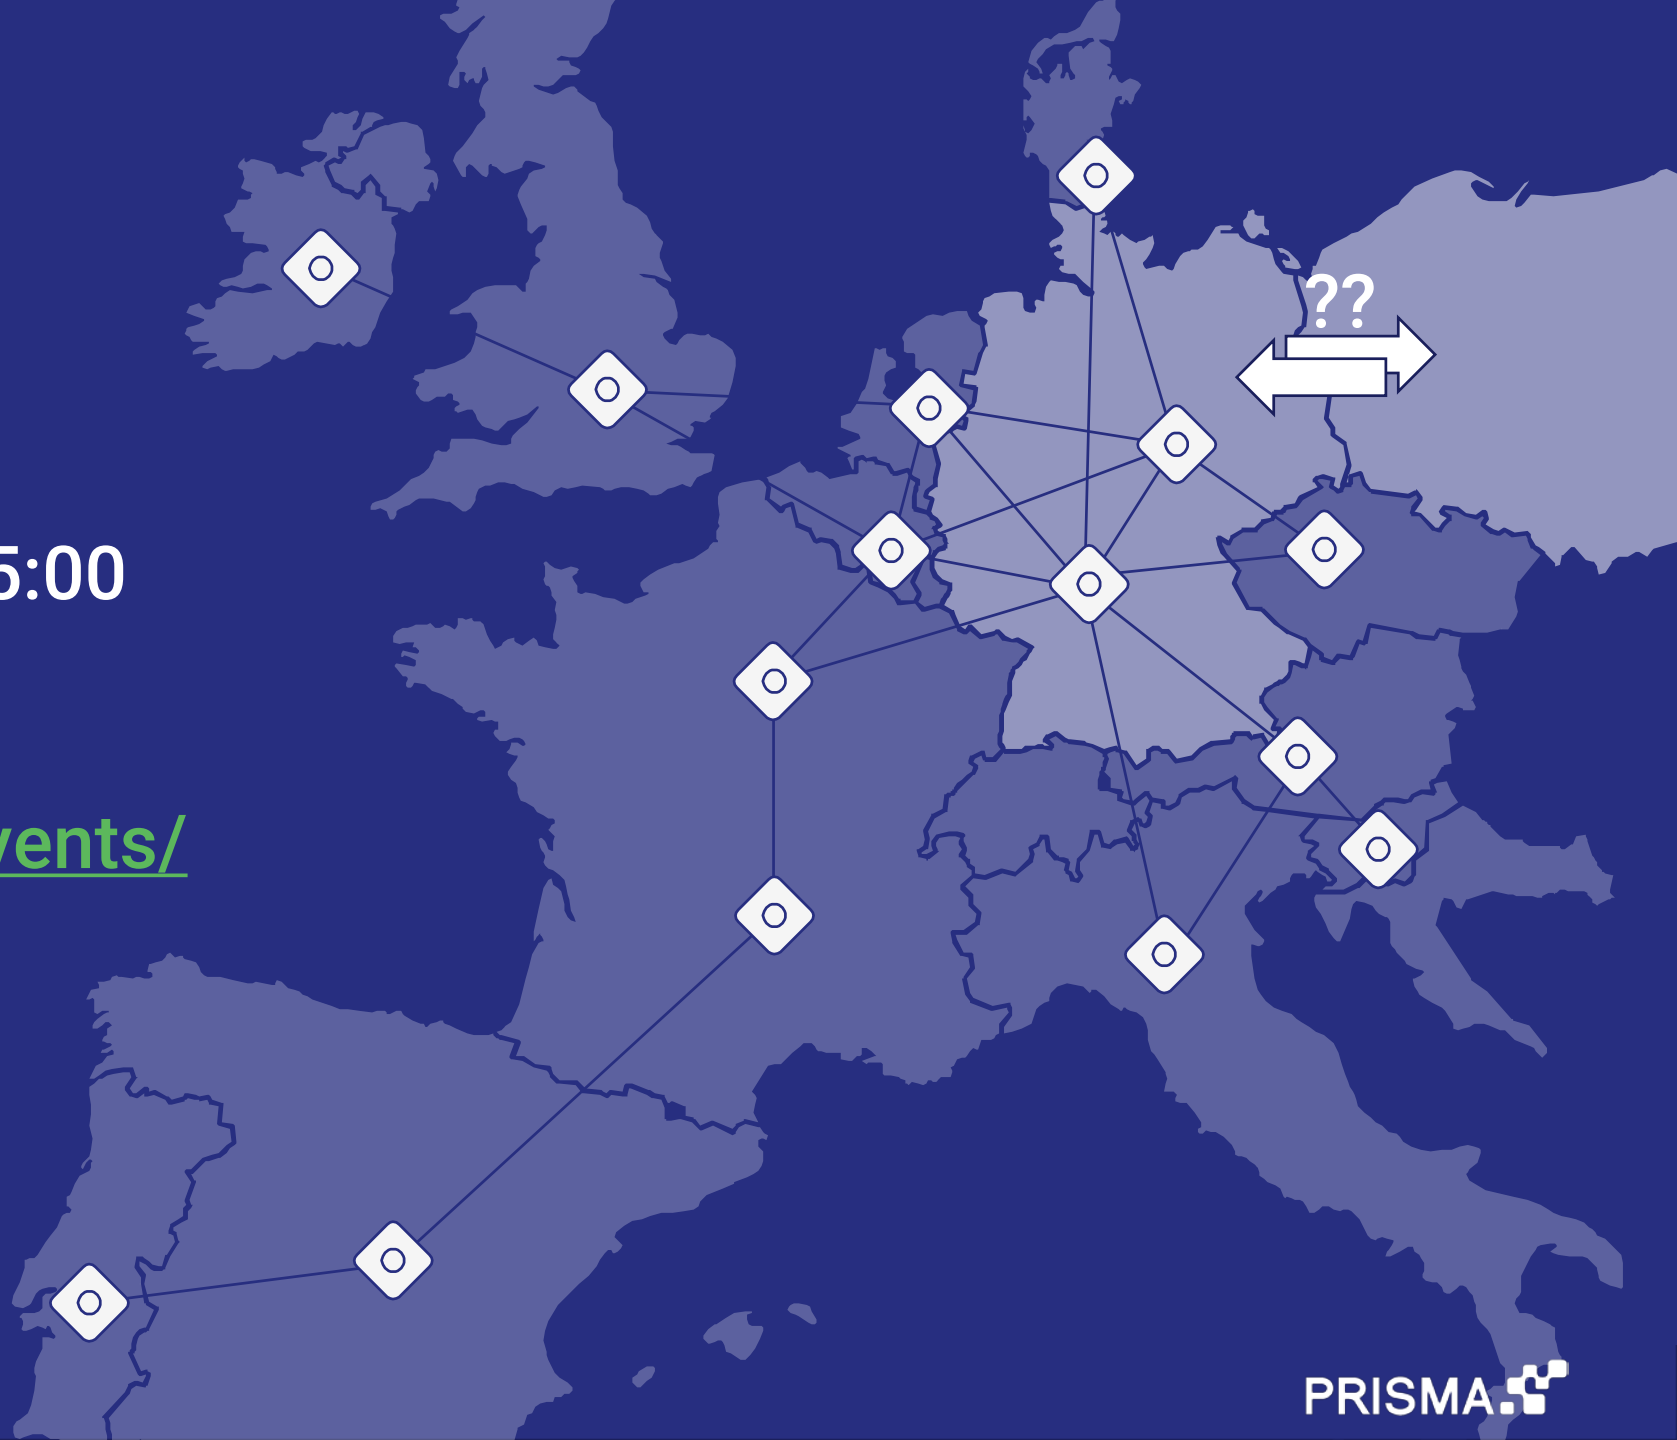

Your feedback in the consultation is much appreciated.
